RESOLUTIONS

The board desires to express their appreciation of the faithful services rendered by the friends of Will Mayfield college on the occasion of the recent college celebration.

Thanks are due all the kind, public spirited friends and neighbors of Luterville, Marble Hill, and community for their kind cooperation.

Especially do the good women, who wisely and economically managed the dinner, deserve honorable mention.

Also the men, station masters who helped to clean up the campus and build the roads must come in for a large share of thanks for their fruitful labors.

In behalf of the college we hereby express our hearty thanks to all who helped so nobly to make the celebration a success.

Adopted by the Board of Trustees,
July 6, 1921.

N. A. ZIMMERMAN DIES AT FLAT RIVER

N. A. Zimmerman died at his home at Flat River July 3, and his remains were brought down to Glen Allen for interment Tuesday afternoon. Mr. Zimmerman was a brother of our fellow townsmen, Hon. J. M. Zimmerman, and spent much of the early part of his life in Bolinger county, in the vicinity of Glen Allen, having been born near that place. He has been a consistent member of the M. E. Church. South from boyhood. He was also a member of the Masonic order and the Lodge here had charge of the burial ceremonies. His funeral was conducted by his pastor at Flat River and Rev. N. B. Henry made appropriate remarks at Glen Allen. In the death of Mr. Zimmerman, Flat River has lost a good citizen and the church a loyal, zealous member and the loss to his family is irreparable.

FULKERSONS DISPOSE OF HANDLE FACTORY INTERESTS

J. M. Fulkerson last week sold his holdings in the Fulkerson Bros. Handle factory at Paris. The new owners are D. F. Walker, Fred Kelley and Almus Damron, the latter a brother of C. P. Damron of this place. They also bought out the holdings of the other stockholders so that they now own all the stock. J. Fulkerson of this place had sold his interests some time ago.

The factory was established by the Fulkersons more than twenty years ago and was the second handle factory in southeast Missouri. J. M. Fulkerson became president of the company and retained the position until the sale last week. Until a few years ago he was manager of the plant.

The plant, during its lifetime has been a most successful one and is still doing remarkably fine business. We understand it will be in charge of Mr. Damron as manager hereafter.

Mr. Fulkerson owned almost half of the stock. Fredericktown Democrat-News.

INDEPENDENCE DAY AND CENTENNIAL CELEBRATION

Careful Planning and Splendid Cooperation Contributed to Success

Last Saturday the people of the Twin Cities held an Independence and Centennial celebration on the college campus to raise money for the college building fund. That it was a success, financially and otherwise goes without being said. A choice program was rendered, consisting of music by the W. M. C. orchestra, addresses by Pres. A. F. Hendrick, Prof. R. S. Douglass of Cape Girardeau and Hon. R. L. Ward of Caruthersville and reading of the Declaration of Independence by Judge Dean R. Hill.

In the afternoon entertainment was furnished in the form of foot races, sack races, pie eating contests and a baseball game between the local team and the team from Knob Lick. Prizes were awarded to the winners in these contests.

Other prizes were awarded the best developed baby boy under sixteen months, the best developed baby girl under sixteen months, a deaf couple on the grounds, partly because the greatest number of people in one conveyance and family covering the greatest distance in coming to the celebration.

Following are the names of the winners in the contests:

Short Scramble, Mrs. W. C. Bell, Pie Eating Contest, Johnny Stone, Luterville, Mo.

Fast Men's Race, Charles Myers, Pie Race, Mrs. Adie Thompson, Luterville, Mo.

Fast Boys' Race, Charles William Wells, Marble Hill, Mo.

Second, John William Sample, Luterville, Mo.

Sack Race, Wilford Crader, Marble Hill, Mo.

Parties Bringing Greatest Number of People in One Conveyance, Superior Bus Company, Jackson, Mo. (27 people).

Fastest Family on Ground, Chas. Myers, in family.

Family Coming Greatest Distance, Mr. and Mrs. Leo Garret, Waco, Texas.

Oldest Women on Ground, Nancy Pierce, 48 years.

Oldest Couple on Ground, C. D. Richard, 65 years; Jane Richard, 68 years.

Best Developed Baby Girl Under Sixteen Months, Wilma Judd Wallace.

Best Developed Baby Boy Under Sixteen Months, Lavelle Kunkel.

An old fashioned dinner and supper of barbecue beef, corn bread and other delicacies "from down on the farm" was served. The menu of the meal was good, everything went off smoothly, and the usual disorderly conduct, so often seen at picnics and celebrations was absent.

To date it is not known just how much the net proceeds of the celebration was, but it is figured at a good amount. Altogether the affair was one to be long remembered by the town and college and the local sentiment seems to be strongly in favor of making it an annual affair. Contributed

RUNAWAY TEAMS COLLIDE IN HARVEST FIELD

Two teams belonging to Tom Sheehy, who cultivates one of T. W. Baker's farms near Salineville ran away with the binders to which they were hitched Monday causing serious damage to both teams and machines. Wheat harvest was in progress on the farm, and it is reported, the drivers of the two teams left them for a short time to get a drink. During this time one of the teams became frightened and ran away. It soon ran into the other team and binder and a general mix-up resulted in which one of the horses had two legs cut off by the sickle of one of the binders. The animal had to be killed to put it out of its suffering. One of the binders was also wrecked. A son of Mr. Sheehy, while trying to stop the runaway horses, had a very narrow escape from serious injury. Sikeston Herald.

SOMEBODY STOLE A STILL

Sheriff Walker was trying yesterday to find some clue that would lead to the parties who stole a large copper still from a porch at the jail Wednesday night.

It was the cauldron that was captured in a raid at Canalou some three weeks ago. It was left on the porch at the jail because it was too large to put inside. It

was taken away some time Wednesday night.—Bloomfield Vindicator.

Rev. Milford Riggs of Ironton was in Marble Hill the first of the week to attend the meeting of the board of trustees of Will Mayfield college.

REDUCED RATES TO STATE FAIR

A special railroad rate of one and one-half fare for round trip tickets to the Missouri centennial exposition and state fair at Sedalia August 8-20 has been granted by the Western passenger association. The rate is effective throughout the state. The rate, which will be on round trip tickets to Sedalia, goes into effect August 8. The final date for the use of tickets purchased under this rate is August 22, two days after the closing of the exposition.

MAN SHOT AT CANALOU SUN-DAY NIGHT

Nick Bryant, a farmer living four miles west of Canalou, shot and killed F. G. Wolf, a neighbor, on Sunday evening, June 26.

It seems that Bryant and Wolf were neighbors, and that Bryant, who is a bachelor, had accused Wolf of having broken into his trunk. Bryant invited Wolf and his wife to his, Bryant's, home Sunday night and there he accused Wolf of tampering with his trunk. An altercation ensued, during which Bryant shot and killed Wolf with a pistol.

On Monday morning, Bryant surrendered himself to the authorities at Morehouse, and had them telephone the sheriff of New Madrid county to send for him.

County Sheriff Hill took the prisoner to jail at New Madrid, Monday night, where he is now held awaiting preliminary hearing.

CHILD DRINKS COAL OIL AND DIES

Accidently drinking coal oil caused the death of Mildred Mae, infant daughter of Mr. and Mrs. Mark Cummings.

Residence near Skidmore. The child died in sixteen hours. Missouri State Journal.

Can always expect something else than robbing barns and other lesser offenses when boys in their teens are permitted to run wild over the country and nothing ever gets used until after midnight.

The cheap car and the worthless boy should be disposed of by the roadside as they are going to hell hand in hand. Skipper Standard.

POPULATION OF THE UNITED STATES

The final report of the census bureau says that in 1920 the population of the United States was 105,740,629, composed of 94,822,423 white persons, 10,167,817 negroes, 42,269 Indians, 1,112,245 Chinese and 9,185 others.

There was an increase in the nonwhite population in the preceding ten years of 18 per cent, and of only 6.5 per cent in the number of negroes, which is the smallest increase in negro population ever known. The increase of the number of negroes in the south and west was 472,481, and in the north only 152,732, or only 1.9 per cent. While 85 per cent of the negroes still remain in the south, the total population was known.

There were 51,903,751 women and 51,810,211 were females, or 2,090,132 more males than females. Along the Atlantic coast there were more females than males but for the country as a whole there were 100 males to 100 females. The total population of Missouri was 3,101,055. Only three other countries have larger populations than the United States and they are Russia, India and China.

THE SIDE WE SEE

In a large silk factory a workman sat at his loom wearing a beautiful flower. He did not wear the flower, for as he wove the cloth rolled up, and what he did see was from the wrong side, rough and full of knots. But he followed the instructions given him by his employers and labored faithfully until night. Then the overseer came, opened the loom and unrolled the cloth when he held, a most exquisite flower appeared.

So, gentle reader, it is with us in life. We nearly always see things from the wrong side—rough and full of knots but if we are faithful in following the commandments of our blessed Savior, we shall finally see our life from the other side and there will be something beautiful in it.—Western Christian Union.

NICE BURGLAR

"Oh, Myrtle! Weren't you frightened to death when that burglar broke into your room?"

"Frightened is no name for it. I was dressing."

"Mercy, how embarrassing! What ever did you do?"

"Oh, he was very considerate, he covered me with his revolver."

A QUITTER CANNOT BE A HERO

Jack Sheets was a 16-year-old high school boy of Philadelphia.

During his spare time he mastered wireless telegraphy and secured a summer position on the Lexington, a small coastwise steamer.

A terrible storm drove the vessel on the rocks. Young Sheets, lying flat on his back, where no man could stand, had been flashing signals of distress into space. Then came a shock that separated the wireless rigging from the transmitter. The wires were still stretched between the masts. Jack, seeing this, climbed up to where it seemed that nothing short of a miracle could enable him to keep his hold. Finally he succeeded in latching himself fast and connecting his instrument. Then, in the wake of the gale, he sent out signals after appeal until his cry for help was answered by the crew of the cutter "Vanderbilt." Last night the ship expert the port of New York, where Jack Sheets signed up as one of the crew. Recovery of every description was speedily effected.

A quitter cannot be a hero. If you can hold on when there is nothing in you except the will to live, why not? Why not hold on, you will be a hero, modesty won't assist you.

Four amendments to the state constitution are to be voted on at the special election to be held on Tuesday, August 1. The first amendment is to determine finally whether Missouri shall be a state convention to propose a state constitution to replace the existing one.

The second amendment proposes to prohibit women holding elective office in Missouri, keeping the state constitution in accordance with the nineteenth amendment to the federal constitution. The third amendment is to give authority to use the revenues derived from the state automobile license tax for the payment of the taxes on the forty million dollar state road bond issue, and the fourth amendment puts up to the people another road bond issue not to exceed fifteen million dollars to bear not more than five per cent interest, for the expense of taking the soldiers furnished by Missouri during the late war when often did it take a month for each month that they were in active service.
